Dear Shareholders and Friends:

It is hard to believe we are over halfway through another year and fall is right around the corner. It has been a very busy and productive six months at First National Bank, both in terms of financial results and also in the ways we are meeting our mission of "Improving Lives Through Community banking." There has also been no shortage of newsworthy events throughout the year that has added to the excitement.

In terms of the Bank's financial results, we continue to see consistent year-over-year growth. Loans and deposits increased by 6.7% and 5.7% respectively. In dollars, loans grew by \$11.8 million and deposits by \$13.7 million as of 6-30-2025. Additionally, assets grew by 5.3% and \$14 million to \$277.7 million. After two years of margin compression due largely to a rapid increase in interest rates, net interest margin has improved significantly to 3.60% from 2.96% a year ago as we are seeing the benefits of new loans originating at higher rates coupled with existing loans in the portfolio repricing. Competition for reasonably priced deposits is still strong, but the deposit base is stable. As a result, net interest income after provision for loan losses improved by 26.7% year over year and net income through six months more than doubled to \$632 thousand compared to \$262 thousand through June 30, 2024.

Our team continues to be involved in our communities in a variety of ways. Some of the highlights so far this year include sponsoring and attending a Flag City Sluggers baseball game, preparing and serving a community meal at the Bluffton Senior Citizens Center, and hosting multiple financial literacy and fraud prevention workshops. Finally, the Bluffton team served over 200 meals to customers and residents this summer at their annual Firecracker Friday celebration that also doubled as a 35 - year anniversary celebration for the Bank's Cherry Street location.

We are constantly being bombarded by news about tariffs, legislation like the Big Beautiful Bill, and daily speculation about the economy and when and how the Federal Reserve should adjust interest rates. First National Bank may end up being impacted in some way by all of these external factors, but through it all, our retail team continues to build relationships with local depositors, our lenders keep originating good local loans, and we will keep striving to be an even better and more profitable community bank that truly lives its mission.

In shareholder news, the book value and closing price for our stock have both increased, and I am pleased to report a year-over-year increase in the market price of our stock of 4.3% as of 6-30-2025. If you are interested in buying or selling Pandora Bancshares, Inc. stock, please contact our market maker Jennifer McFarland with Community Banc Investments, Inc. at jennifer@cbibankstocks.com or 800-224-1013. Respectfully,

Brendon Matthews
